

DECLARATION, POWER OF ATTORNEY, AND PETITION

We, Peter M. Dussinger and Thomas L. Myers the petitioners named herein, do declare that our citizenships and residences are as stated above our respective signatures; that we have reviewed and we understand the foregoing specification and claims; that we believe ourselves to be the joint, original, first and only inventors of the invention in the patent application titled INTEGRATED CIRCUIT HEAT PIPE HEAT SPREADER WITH THROUGH MOUNTING HOLES and described and claimed in the foregoing specification; that we do not know and do not believe that the same was ever known or used in the United States before our invention thereof, or patented or described in any printed publication in any country before our invention thereof, or more than one year prior to this application; or in public use or on sale in the United States more than one year prior to this application; that this invention has not been patented or made the subject of an inventor's certificate issued before the date of this application in any country foreign to the United States on an application filed by us or our legal representatives or assigns more than twelve months prior to this application; that we acknowledge the duty to disclose information we are aware of which is material to the examination of the application in accordance with 37 C.F.R. sec. 1.56(a); and that no application for patent or inventor's certificate on this invention has been filed by us or our representatives or assigns in any country foreign to the United States.

We declare further that all statements made herein of our own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine and imprisonment, or both, under section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.

And we hereby appoint:

Martin Fruitman
Registration No. 26,890

Millersville, PA 17551

our attorney with full power of substitution and revocation, to

09852322-050901

prosecute this application and to transact all business in the Patent and Trademark Office connected therewith.

Wherefore, we pray that Letters Patent be granted to us for the invention or discovery described and claimed in the foregoing specification and claims, and we hereby subscribe our names to the foregoing specification and claims, declaration, power of attorney and this petition this 11th day of May 1999.

ASSIGNMENT

WHEREAS, WE, Peter M. Dussinger and Thomas L. Myers, have invented certain new and useful improvements in an
INTEGRATED CIRCUIT HEAT PIPE HEAT SPREADER
WITH THROUGH MOUNTING HOLES
for which we are about to file an application for Letters Patent of the United States of America, which application was executed by us on the 11th day of May, 1999, and

WHEREAS, Thermal Corp.
hereafter referred to as the Assignee, is desirous of acquiring an assignment of the invention disclosed in said application and other rights and benefits herein granted;

NOW, THEREFORE, in consideration of these premises and other good and valuable consideration, the receipt of which is hereby acknowledged, we hereby assign and transfer to the assignee the full and exclusive right in and to said invention within and for all countries and the entire right, title and interest in and to said application and such Letters Patent as may issue therefrom and from all substitutions, divisions, continuations, and reissues of said application; said application and such Letters Patent to be held by the assignee to the full end of the term for which such Letters Patent may be granted, as fully and entirely as the same would have been held by us had this assignment not been made.

We hereby further agree to make, execute, and deliver to the assignee, upon request, but at the expense of the assignee, any and all papers, documents, affidavits, statements, or other instruments that may be necessary in the prosecution of said application and of any substitutions, divisions, continuations, or reissues of said application, and further agree to assist the assignee in every way that may be requested in protecting said invention, provided that any expense arising through extending such assistance will be paid by the assignee.

We hereby consent that a copy of this assignment shall be deemed a full legal and formal equivalent of any assignment, consent to file, or like document which may be required in any country for any purpose, and more particularly in proof of the right of the assignee or its successors, assigns, or nominees to apply for patent or other protections for said invention and to claim the benefits of the right of priority by the International Convention for the Protection of Industrial Property, as amended, or by any convention which may be substituted for it.

We hereby covenant that we have the right to grant the foregoing assignment.

IN TESTIMONY WHEREOF, we have each set our hand and affixed our seal.
